- Antenna included
- Available in silver or black

Technical data

Effective working range	up to 10m (direct visibility)
Bluetooth profile	A2DP
Supported codecs	aptX, SBC
Frequency	2402 ~ 2480 Mhz
Sensitivity	- 84dBm
Maximum received signal at 0.1% BER	>= -10dBm
Maximum level of intermodulation interference	>= -30dBm
Spurious output level	-156dBm/Hz
Audio Output Level (nominal)	2 Vrms
Frequency response	20Hz – 20kHz
Analogue output	RCA stereo
Digital output	optical S/PDIF (Toslink)
Outboard power supply	5V/1000mA DC; 220 - 240V, 50Hz
Standby power consumption	< 1 watt
Power consumption	200mA DC
Dimension W x H x D (D with sockets)	116 x 37 x 103 (108)mm
Weight	320 g without power supply

Bluetooth Box S2: Audiophile wireless streaming with ultimate output flexibility!

Smartphones and tablet computers offer the possibility to stream music wirelessly using Bluetooth protocol. Bluetooth Box S2 is the best solution to use these wireless sources in your own hifi system. Not only standard SBC codecs are supported, but also audiophile aptX with almost CD-quality can be received. Pairing of mobile devices with Bluetooth Box S2 is done fast and playback works reliably within a distance up to 10m with direct visibility. Up to 8 different sources like smartphones and tablets are memorized. Analogue and digital connection to amplifier or external D/A converter is provided for ultimate flexibility.
